- Submit your answers using a single pdf/word document.
 - This is an open notes exam.
 - You can use internet for taking guidelines. However, **you are not allowed** to copy any content from the internet/ any of your friend.
 - All answers will be checked for plagiarism using Turnitin and any student found guilty of plagiarism either from internet or from other students will receive 0 marks.
-

Note : Before starting the paper, read the conversation between Brian and his friends on page 2, 3 and write the moral on top of your answer sheet.

Q1 – Due to Covid-19, your last semester was conducted online. At the end of the semester, while most of the teachers conducted vivas and exams online, one of your instructors is adamant that your batch must come to the university for physical viva or otherwise, an I grade will be awarded to every student. You and your classmates do not agree to take physical viva and want to bring the matter into the notice of higher ups. Write an email to the relevant higher ups explaining the entire situation and asking for help/ proposing alternatives.

CLO1: Affective-2 (Responding) (10)

Q2- You have recently joined an organization which is working with 5th to 8th grade school students to equip them with the knowledge of different computing concepts. Your boss wants you to write an easy to understand tutorial for the students. How would you explain the following topics to a 5th grader in a written tutorial?

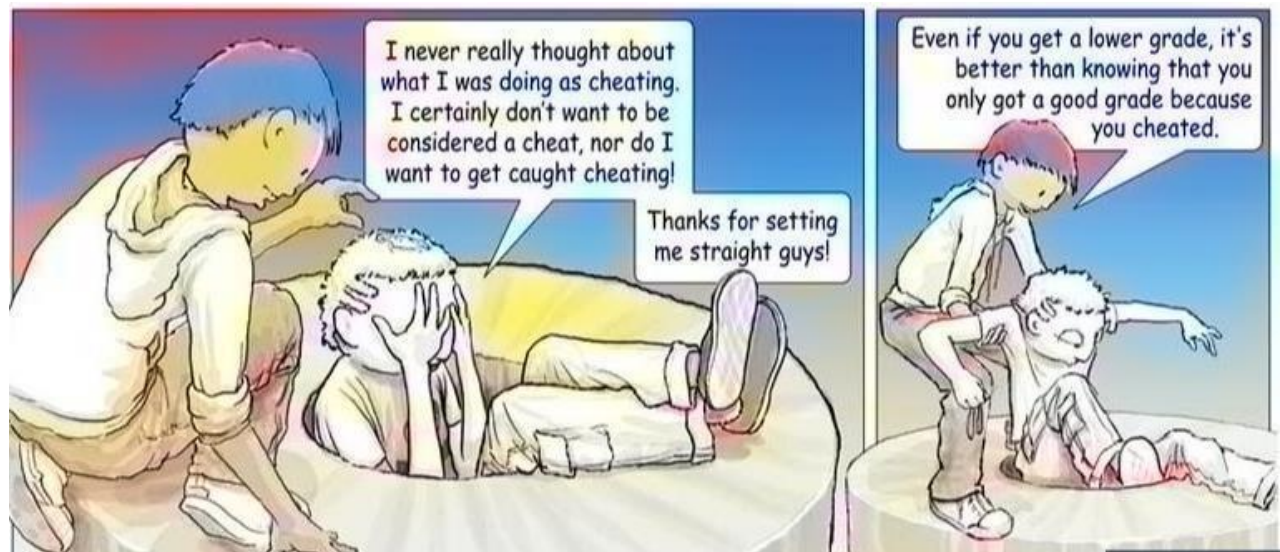

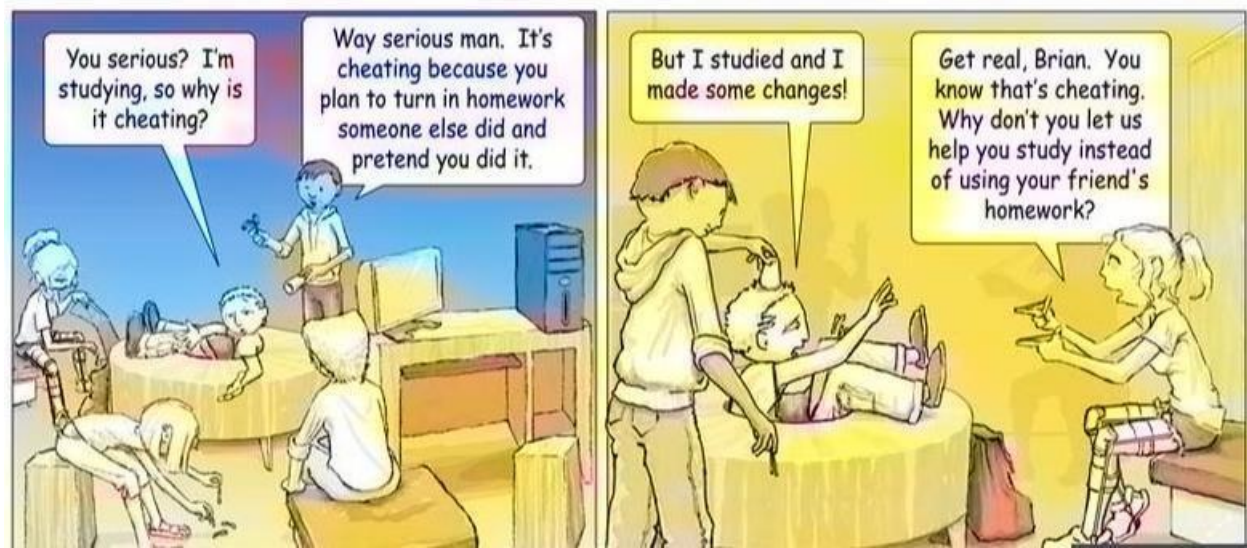

Section A- How does the internet work.

Section B- What is programming and why is it needed.

Section C- What are databases.

CLO2: Affective-3(Valuing) (10)
